WHY TEAMS USE IT

MATCHDAY LIVES IN FORTY WHATSAPP MESSAGES. THEN IT'S GONE.

Parents who can't make it miss the game. Coaches retype line-ups and results every Sunday night. A child's first goal scrolls away under "who's bringing the oranges?". Touchline Tales gives your team one place for all of it, on a website that's yours, in your crest and colours.

01 • LIVE MATCH MODE

EVERY GOAL ON EVERY PARENT'S PHONE

The coach taps goals, assists and subs from the touchline. Parents get the line-up, kick-off, goals, half time and full time straight to their phone, with a live score, the team on a pitch and a running commentary.

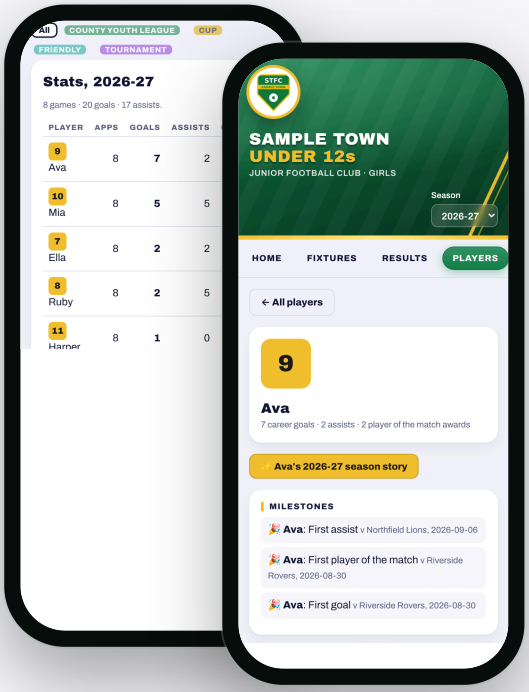

- Grandparents and parents at work follow along as it happens
- Supporters can send a cheer to the team during the game
- The result, scorers and timeline are saved the moment the whistle goes

02 • STATS AND FAIR PLAYING TIME

EVERY CHILD'S SEASON, COUNTED FAIRLY

Appearances, goals, assists and clean sheets add up on their own. Each child gets a page of their own, milestones like a first goal or tenth game are spotted automatically, and coaches can see playing time at a glance so nobody is left on the bench week after week.

- A page for every player, first names only
- Playing-time comparisons are for coaches' eyes only

03 • MATCHDAY GRAPHICS

READY FOR FACEBOOK IN ONE TAP

Squad announcements, full time, player of the match and milestones, made in your team's colours with a caption to copy.

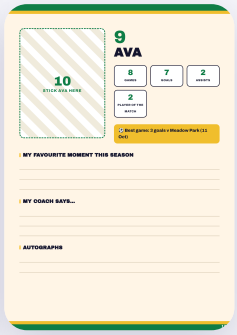

04 • END-OF-SEASON STICKER BOOK

A KEEPSAKE FOR EVERY CHILD

A cover, the season in numbers, results, honours and a page for every player. Print it or save it as a PDF for the presentation night.

- Kept out of Google. Parents get the link from the club.
- Only your listed coaches can make changes, signing in with an email link.
- Your club decides whether scores are shown, so you can follow the FA's rule for Under 7s to Under 11s.
